About

Pangaea Vertical Caving Systems, Inc.

Description

Pangaea Vertical Caving Systems, Inc. is a one man operation run by John Wesley McCrary (w/ some administrative assistance from wife, Nicky McCrary) in T.A.G. Caving Country. All of our designs are custom order from raw materials; we do not have pre-made stock in inventory. We do not have a web site at this time & do not have a Paypal account or credit card setup. We are in the initial startup stage(s) of business. Word of mouth & Facebook are our only sources of exposure. In this early phase, as a one man production line, I am not able to meet the increase that the widespread exposure that a website will bring. That is a part of the future. For now, we will proceed in a somewhat old-school way. For now, we will deal on a one to one basis. If you are interested, inbox me. We will need to have a phone conversation regarding details to get started. Once you decide which system you want, you will need to send a Bank Draft (Cashier's Check) to: Pangaea Vertical Caving Systems Inc., ATTN: John McCrary, 22600 Highway 31, Vinemont, AL 35179. We will notify you once we receive funds. Then your order will be added to the list. Lead times will vary according to order backup. Pangaea Gear is a Grass Roots & Grit Operation at this time...your patience & understanding are appreciated!
